July
2026

Town Square Park: Canton's newest park will come to life over the spring and summer as contractors install infrastructure to build out a beautiful space for walking, picnics, leisure, public restroom, and community events. This new park will open in the fall 2026 as a gathering space for all our neighbors to enjoy. Early on in the project site work will be done to add paths, landscaping, and greenspace. While everyone will be eager to explore, we ask for your patience until the construction project wraps up.

The Factory Building continues construction as the interior renovations are wrapping up and we are anticipating occupancy soon. Exterior landscape, sod, outdoor lighting and a steps have been added to complete the exterior finishes of the property.

The Aesthetic Co. recently celebrated the grand opening of its new location in Cherry Hill Village, welcoming clients to its expanded space with an open house and ribbon-cutting celebration. Founded by certified aesthetic nurse injector Lynn Bertasio, The Aesthetic Co. specializes in personalized medical aesthetic treatments, including Botox, dermal fillers, skin rejuvenation, microneedling, chemical peels, and medical-grade skincare. The new location further enhances Cherry Hill Village's growing mix of health, wellness, and locally owned businesses

Jazz in the Park returns this July with free live music every Wednesday evening. The series kicks off with the Depot Town Big Band, and each event features a beer tent, food truck, local artisan vendors, and more for a fun-filled summer evening in the park.
